**Commissioner for Patents**

The reply filed on 7/29/08 is not fully responsive to the prior restriction requirement because of the following omission(s) or matter(s): while applicant has elected a group (group II) and unique species for the bioreactor vessel (aeration tank) and the living cells (bacteria), applicant has not elected a unique species for the substrate. For the substrate, applicant has elected 'a medium containing a compound the metabolic conversion of which is envisaged'. The elected substrate represents a subgenus not a species. Applicant is to elect a species for the substrate. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a). Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ronald T. Niebauer whose telephone number is 571-270-3059. The examiner can normally be reached on Monday-Thursday, 7:30am-5:00pm, alt. Friday, EST. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cecilia Tsang can be reached at 571-272-0562.
